

Request for Quotations

Partner Countries: Ethiopia, Kenya, Ghana and Zambia

Name and address of the PEA: Global Crop Diversity Trust, Platz der Vereinten Nationen 7, 53113 Bonn, Germany

Financing: KfW Entwicklungsbank

RFQ Number: 507276

Application and Offer submission:

Submission deadline: 21 October 2021 17:00pm CET

Submission address: Global Crop Diversity Trust, Platz der Vereinten Nationen 7, 53113 Bonn, Germany

Tender opening: 22 October 2021 15:00pm CET

Language of the bid: English

Interest to participate: **Bidders are requested to confirm interest by 30 September 2021 via email to: alexander.kambili@croptrust.org**

Submission of Quotations: **Two copies to be sent by registered courier as per instructions and to the address in RFQ document**

Number and Title of the project: Project ID BMZ-No. 201867654: Capitalisation of the endowment fund of the Global Crop Diversity Trust and strengthening of national seedbanks

Title of the Contract/Lot: Request for Quotations (RFQ) for Supply of four (4) motor vehicles

Type of notice: RFQ

Brief description of the project: The Capitalisation of the Endowment Fund of the Global Crop Diversity Trust and Strengthening of National Seedbanks project aims to empower national seed collections, by safeguarding them in perpetuity through and endowment fund, documenting and managing them appropriately for conservation and use, and promoting their

use, as a basis for climate adaptation of vulnerable African cropping systems. The project is supported by the Federal Republic of Germany through KfW and is conducted in Ethiopia, Kenya, Zambia, Ghana and Nigeria.

The project consists of three outputs:

- Essential operations of national seed collections in 5 African countries safeguarded in perpetuity through an endowment fund.
- National seed collections are managed and documented appropriately for conservation and use.
- Use of national seed collections for increasing the diversity of varietal options with which farmers can respond to climate change.

The expected outcomes of the project are:

- Increased number of seed samples in national seed collections available for distribution.
- Increased annual requests for seed samples from users successfully serviced.
- Two varieties or landraces identified for dissemination to farmers and traced back to seed samples from national seed collections.
