1. GENERAL INFORMATION

The Global Crop Diversity Trust (https://www.croptrust.org/) is an international organization with Headquarters in Bonn, Germany whose mission is to ensure the conservation and availability of crop diversity for food security worldwide.

The Capitalisation of the Endowment Fund of the Global Crop Diversity Trust and Strengthening of National Seedbanks project aims to empower national seed collections, by safeguarding them in perpetuity through an endowment fund, documenting and managing them appropriately for conservation and use, and promoting their use, as a basis for climate adaptation of vulnerable African cropping systems.

The project is supported by the Federal Republic of Germany through KfW and is conducted in Ethiopia, Kenya, Zambia, Ghana and Nigeria. The total project budget is EUR 20 million.

A summary of the project key outcomes is presented below:

To achieve its objectives, the Crop Trust will procure equipment and supplies required by national seedbanks to conduct their conservation operations, facilitate staff exchanges with international seedbanks and engage consultants to provide technical support to ensure the long-term conservation and use of plant genetic resources for food and agriculture.

During 2019, the Global Crop Diversity Trust commissioned a panel to review each participating seedbank. The reviewers documented issues and possible solutions in several areas, including genebank infrastructure and equipment.

Service proposals are sought to conduct a site survey and provide rehabilitation technical plans, bills of quantities (BOQs), technical specifications and schematic drawings for rehabilitating and renovating the facilities, rooms, equipment and services of three national genebanks in Africa: Kenya, Zambia and Nigeria.

The outputs of this consultancy will inform the Project Management Team to identify and select contractors to execute the works.

Further information is provided in Part A: Terms of Reference (TORs) and Part B: Instructions to Bidders.
PART A: TERMS OF REFERENCE (TORs)
TERMS OF REFERENCE (TORS)

1. OBJECTIVES OF THE ASSIGNMENT

The Global Crop Diversity Trust is looking for an expert(s) to conduct a site survey and provide rehabilitation technical plans, bills of quantities (BOQs), technical specifications and schematic drawings for rehabilitating and renovating the facilities, rooms, equipment and services of national genebanks in Africa. The outputs of this consultancy will inform the Project Management Team to identify and select contractors to execute the works.

This consultancy will be coordinated through the national genebanks. Selected project consultants will have an overall responsibility in assessing and assuring that the technical solutions are the latest and most appropriate for the local conditions of each national genebank.

2. DESCRIPTION OF TASKS

Core tasks for the consultant are:

- conduct a short visit to the premises of GeRRI in Kiambu county (Kenya), NPGRC in Mt Makulu (Zambia) and NACGRAB in Ibadan (Nigeria), to understand the performance requirements expected of the improvements in the design and planning of the facility in order to meet FAO’s Genebank Standards and the requirements of the genebank manager, power supply and new equipment in operating the drying and cold rooms;
- reconcile the specifications with selected project consultants and responsible staff at the Crop Trust;
- indicate the required servicing of the equipment and the stock of spare parts that should be held for each of the assessed components;
- when new equipment is recommended for purchase, consider technically and financially feasible energy efficient solutions as per World Bank/IFC standards.

Below the specific tasks to be conducted at each genebank partner:

GERRI (KIAMBU COUNTY, KENYA)

a) Structural assessment

The external review conducted in 2019 found that the seed packaging station, located at the conservation unit (see Figure 1) is of particular concern with respect to staff safety. Therefore we seek a consultant to:

- provide a structural plan of the existing conservation unit along with a structural analysis of its structural soundness. Document any cracks, structural deficits, rehabilitation works necessary on the plan. Provide proposed rehabilitation plans and bill of quantities if necessary.

Currently, the genebank lacks an adequate crop work area for post-harvest handling of seed and for short-term storage. The seed laboratory (see Figure 2) is used to conduct clean and dirty work, allowing contamination. Physical barriers, such as walls, are needed to separate clean work areas from dirty work areas, therefore, we seek a consultant to:

- provide a structural plan of the existing seed laboratory area along with a structural analysis of its structural soundness. Document any cracks, structural deficits, rehabilitation works necessary on the plan. Provide proposed rehabilitation plans (if needed) and bill of quantities, and indicate the feasibility of:
  - installation of an air-lock on the exit doors of the seed processing area (see Figure 3)
○ adequation works for establishing a new germination room (see Figure 3). Provide technical specifications of the window(s) and include clear bill of quantities, unit prices in Euro, drawings at 1/100 (or bigger if needed) and technical specifications.

○ design establish a new temporary storage area and a seed cleaning area (see Figure 3) Provide technical specifications of the wall and windows that need to be built and installed. Include clear bill of quantities, drawings at 1/100 (or bigger if needed) and unit prices in Euro.

○ design a glass wall to separate the incubator room and the corridor that leads to the conservation unit. Provide bill of quantities, unit prices in Euro and drawings at 1/100.

● A note on drawings: drawings should include the existing structure at the scale of 1/100 with dimensions, and the renovation drawings the same scale (plans, sections, elevations and detail drawings as necessary).

NPGRC (MT. MAKULU, ZAMBIA)

a) Structural assessment

The consultant will provide a structural plan of the existing seedbank building along with a structural analysis of its structural soundness. Document any cracks, structural deficits, rehabilitation works necessary on the plan. Provide proposed rehabilitation plans (if needed) and bill of quantities. Indicate the feasibility of the desired works described below:

- adequation of an existing office space to be used to host a germination room, seed workstation, seed reception and temporary storage, seed cleaning room and seed packaging (Figure 4 and Figure 5). Include clear bill of quantities, unit prices in Euro, drawings at 1/100 (or bigger if needed) and technical specifications.

NACGRAB (IBADAN, NIGERIA)

a) Structural assessment

Long-term genebank building

Provide a structural plan of the existing long-term genebank building (Figure 6) along with a structural analysis of its structural soundness. Document any cracks, structural deficits, rehabilitation works necessary on the plan. Provide proposed rehabilitation plans (if needed), bill of quantities, drawings at 1/100 scale (or bigger if needed). Indicate the feasibility of the desired works described below:

- installation of one or two insulated cold rooms operating at sub-zero Celsius degrees, an airlock and a drying room (see Figure 7).

Glasshouse

The existing glasshouse is to be partially demolished and renovated to host a crop work area, a temporary storage room and a fumigation room (Figure 8). Provide a structural plan along with necessary rehabilitation works. Provide proposed rehabilitation plans, bill of quantities, unit prices in Euro, drawings at 1/100 (or bigger if needed) and technical specifications.

Germination room

Provide technical specifications of the window(s), glass wall and adequation works for establishing a new germination room (see Figure 9). Include clear bill of quantities, unit prices in Euro, drawings at 1/100 (or bigger if needed) and technical specifications.

Store for consumables

Existing office space is to be used to create a secure store for consumables (Figure 10). Provide structural plan along with necessary rehabilitation works. Provide proposed rehabilitation plans, bill of quantities, unit prices in Euro, drawings at 1/100 (or bigger if needed) and technical specifications.

3. LIST OF DELIVERABLES

All drawings must be prepared using AutoCAD-2016 (licensed version). One electronic file per genebank containing all the drawings in different sheets, each sheet at the specified scale and in PDF format.

2. SCOPE OF WORK

The scope of the work is as explained in the Terms of Reference (TORs).

3. SUBMISSION OF PROPOSALS

The vendor shall submit a proposal that demonstrates and provides evidence that the vendor has the capabilities, professional expertise, and experience to perform the services described herein.

The proposal submitted by a vendor should comprise all the information requested as indicated in 6 Response Format. Only offers that deliver all activities defined in this RFP will be accepted, partial offers will be rejected.

4. LANGUAGE

All responses to this RFP must be written exclusively in English.

5. JOINT PROPOSAL

The Crop Trust will accept the submission of individual or joint proposals that deliver all activities outlined in this RFP too. If the vendor is a group of legal entities that will form a joint partnership to submit a proposal, they shall confirm in their proposal that they have designated one party to act as a lead entity. If they are awarded the contract, the contract shall be entered into, by and between the Crop Trust and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint partnership. The lead entity will be the contracting party to the Crop Trust and will assume the full responsibility for implementing the project.

6. RESPONSE FORMAT

All RFP responses should be in accordance with the format defined in the table below and include each section in the order presented. The section Proposal Templates in this document contains the templates to be used in preparation of the proposal.

Failure to address all items will impact the evaluation and may result in possible evaluation points deduction. Please make sure all relevant pages are signed. For joint proposals, vendors must fill out sections 1-4 individually and sections 5-6 jointly.

<td>Provide an overview of qualifications and experiences of your firm including the following: Provide the number of years the firm has provided the services outlined in the RFP CVs of the project managers and any staff member involved in the project implementation including a list of tasks for which they will be responsible Description of experience with similar projects for similar works for genebanks or seed companies</td>
</tr>
</tbody>
</table>

7. **COSTS OF TENDER RESPONSE**

The vendor shall bear all costs associated with the preparation and submission of the tender response. Under no circumstances shall the Crop Trust be responsible or liable to the vendor, regardless of the outcome of the RFP.

8. **OFFICIAL CONTACT**

**All responses to RFP and pre-proposal questions must be sent to the following address:**

- **Contact Name:** Alexander Kambili
- **Title:** Finance and Procurement Officer
- **Email Address:** procurement@croptrust.org

16/40
Submission of proposals to any other address will not be accepted.

The proposal shall be signed and dated by the vendor or any other person authorized to bind the vendor. The submission of a response to this RFP implies that the vendor accepts all the terms and conditions of this RFP.

9. PERIOD OF VALIDITY OF THE PROPOSAL

All RFP responses made by the vendors shall remain valid for sixty (60) days after the deadline for receipt of proposals.

10. OWNERSHIP OF DOCUMENTS

Any material submitted by a vendor shall become the property of the Crop Trust. Materials submitted after a contract is signed will be subject to the ownership provision of the executed contract.

11. MODIFICATION AND WITHDRAWAL OF THE RFP

At its sole discretion and without any requirement for justification, the Crop Trust may amend the RFP prior to the deadline for submission of proposals. Such amendments will be posted on the website alongside the original RFP.

Vendors who have been directly contacted by the Crop Trust and all that have already submitted a signed NDA, shall receive a written notification of such changes.

To enable the vendors to take account of these changes in their response, the Procurement Office may, at its sole discretion, extend the deadline for submission of proposals.

The Crop Trust retains the right to withdraw this RFP without any requirement for justification. No claims for damages of any kind whatsoever may be made to the Crop Trust following the withdrawal.

No proposal may be modified subsequent to the deadline for submission indicated in the call for tender.

12. GENERAL TERMS AND CONDITIONS

Vendors must prove their technical and professional capacity to carry out the work subject to this RFP.

12.1 EXCLUSION CRITERIA

Vendors shall be excluded if Annex 3: Declaration of Undertaking is not accepted or if technical proposal is ‘not likely to meet all requirements’.

12.2 EVALUATION CRITERIA

These criteria serve to assess the vendor’s level of qualification and competences. The vendor is also requested to provide information on similar assignments done for other clients. For the Crop Trust to assess the vendor’s expertise, vendors are requested to include the relevant document in section 4 of the proposal.

Using a Cost-Utility Analysis, the Crop Trust will weigh the award criteria. In the next step, the offer will be reviewed and scored from 1 to 10 for each criterion.

A weighted scoring system to evaluate the award criteria shall be applied. Total cost of ownership of each offer will be compared.

12.3 TECHNICAL PROPOSAL

The offer provided by the vendor will be examined from a technical perspective. Vendors are requested to provide the information as requested in this RFP and according to instructions and templates provided. The Crop Trust reserves the right to reject an offer in cases where some requirements are missing or if it estimates that a number of requirements have not been met.

The following table illustrates the scoring for the quality of proposal.

Please note that the adherence to RFP instructions will also be considered.

12.4 FINANCIAL PROPOSAL

The financial proposal shall include all activities and travel expenses foreseen for this assignment.

The vendor must specify fixed pricing with cost breakdown per deliverable including hours and rates when listing costs for the implementation phase as specified in Section 5. Pricing proposal.

12.5 FINANCIAL EVALUATION

The Crop Trust evaluation team will assess and make a financial ranking of the tenders received. The price quoted must be a firm, non-revisable price and must be denominated in EURO.

The price quoted must exclude VAT (as the Crop Trust is exempt from this tax) and list any available discounts. Please note that the VAT amount will be included in the price comparison if the Crop Trust VAT exemption status is not accepted by the vendor. Exceptions can be made for vendors with German VAT numbers as German VAT can be claimed back from the German government (refer to Annex 2: Self-Assessment – VAT exemption).

Each vendor’s cost score will be calculated using the ratio of the lowest cost proposal to the vendor’s cost, multiplied by the maximum number of cost points available, multiplied by weight as shown in the following calculation:

\[
\frac{\text{lowest total cost offer}}{\text{vendor total cost}} \times 10 \times \text{total points available} \times 40 \times \text{weight}
\]

12.6 AWARD OF THE CONTRACT

The contract shall be awarded to the vendor offering the best value for money. The Crop Trust reserves the right not to select any vendor if the amounts tendered exceed the budget envisaged for this project.
Where applicable, the Crop Trust may ask the vendor to provide clarification about the tender. This request, as well as the response, shall be in writing. Each vendor shall be informed about the decision by the evaluation team.

12.7 NO OBLIGATION TO AWARD THE CONTRACT

The Crop Trust is not liable to pay any compensation with respect to vendors whose tenders have not been accepted. Nor shall it be liable should it decide not to award the contract.

The Crop Trust reserves the right to contract in full or partly the modules or services described in this RFP without having to provide any justification or having to compensate the vendor for any damage whatsoever.

12.8 DURATION OF THE AGREEMENT

The selected vendor(s) is/are expected to complete the assignment(s) in a period of four (4) weeks after contract signature.

13. ACCEPTANCE OF THE CONDITIONS OF THE RFP AND PROVISIONS APPLICABLE TO THE AGREEMENT

The vendors acknowledge that providing an offer implies full acceptance of the conditions set out in this RFP and to the provisions applicable to the agreement.

SECTION 2. SELF-ASSESSMENT

Dear Sir or Madam,

The Global Crop Diversity Trust (Crop Trust) is an international organization with its own legal personality established under the Agreement for the Establishment of the Global Crop Diversity which entered into force on 21 October 2004. The Crop Trust is headquartered in Bonn, Germany, and works to ensure the conservation and availability of crop diversity for food security worldwide. As per its Headquarters Agreement the Crop Trust is exempt from direct taxes and has immunity status.

The Crop Trust’s mission is to preserve and make available the world’s agricultural crop diversity, as a prerequisite for world food security. The organization is an essential funding instrument of the International Treaty on Plant Genetic Resources for Food and Agriculture of 2001.

The Crop Trust fulfils its mandate by providing long-term, sustainable financing to key international, regional and national collections of crops that are vital for food security and nutrition, particularly in least developed countries.

To fully ensure compliance with its rules and policies, the Crop Trust requests a self-assessment from its suppliers and service providers. Please answer the attached questionnaire as far as possible. Your answers will be handled strictly confidential.

We are looking forward to working with you.

Thank you very much for your cooperation.

Best wishes

ANNEX A: THE TEN PRINCIPLES OF THE UN GLOBAL COMPACT

Corporate sustainability starts with a company’s value system and a principled approach to doing business. This means operating in ways that, at a minimum, meet fundamental responsibilities in the areas of human rights, labour, environment and anti-corruption. Responsible businesses enact the same values and principles wherever they have a presence, and know that good practices in one area do not offset harm in another. By incorporating the Global Compact principles into strategies, policies and procedures, and establishing a culture of integrity, companies are not only upholding their basic responsibilities to people and planet, but also setting the stage for long-term success.

The UN Global Compact’s Ten Principles are derived from: the Universal Declaration of Human Rights, the International Labour Organization’s Declaration on Fundamental Principles and Rights at Work, the Rio Declaration on Environment and Development, and the United Nations Convention Against Corruption.

Human Rights

**Principle 1**: Businesses should support and respect the protection of internationally proclaimed human rights; and

**Principle 2**: make sure that they are not complicit in human rights abuses.

Labour

**Principle 3**: Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining;

**Principle 4**: the elimination of all forms of forced and compulsory labour;

**Principle 5**: the effective abolition of child labour; and

**Principle 6**: the elimination of discrimination in respect of employment and occupation.

Environment

**Principle 7**: Businesses should support a precautionary approach to environmental challenges;

**Principle 8**: undertake initiatives to promote greater environmental responsibility; and

**Principle 9**: encourage the development and diffusion of environmentally friendly technologies.

Anti-Corruption

**Principle 10**: Businesses should work against corruption in all its forms, including extortion and bribery.
SECTION 3. DECLARATION OF UNDERTAKING

Reference name of the Application/Offer/Contract: ("Contract")¹

To: ("Project Executing Agency")

1. We recognise and accept that KfW only finances projects of the Project Executing Agency ("PEA")² subject to its own conditions which are set out in the Funding Agreement it has entered into with the PEA. As a matter of consequence, no legal relationship exists between KfW and our company, our Joint Venture or our Subcontractors under the Contract. The PEA retains exclusive responsibility for the preparation and implementation of the Tender Process and the performance of the Contract.

2. We hereby certify that neither we nor any of our board members or legal representatives nor any other member of our Joint Venture including Subcontractors under the Contract are in any of the following situations:

2.1) being bankrupt, wound up or ceasing our activities, having our activities administered by courts, having entered into receivership, reorganisation or being in any analogous situation;

2.2) convicted by a final judgement or a final administrative decision or subject to financial sanctions by the United Nations, the European Union or Germany for involvement in a criminal organisation, money laundering, terrorist-related offences, child labour or trafficking in human beings; this criterion of exclusion is also applicable to legal Persons, whose majority of shares are held or factually controlled by natural or legal Persons which themselves are subject to such convictions or sanctions;

2.3) having been convicted by a final court decision or a final administrative decision by a court, the European Union, national authorities in the Partner Country or in Germany for Sanctionable Practice in connection with a Tender Process or the performance of a Contract or for an irregularity affecting the EU’s financial interests (in the event of such a conviction, the Applicant or Bidder shall attach to this Declaration of Undertaking supporting information showing that this conviction is not relevant in the context of this Contract and that adequate compliance measures have been taken in reaction);

2.4) having been subject within the past five years to a Contract termination fully settled against us for significant or persistent failure to comply with our contractual obligations during such Contract performance, unless this termination was challenged and dispute resolution is still pending or has not confirmed a full settlement against us;

1 Capitalised terms used, but not otherwise defined in this Declaration of Undertaking have the meaning given to such term in KfW’s “Guidelines for the Procurement of Consulting Services, Works, Plant, Goods and Non-Consulting Services in Financial Cooperation with Partner Countries”.

2 The PEA means the purchaser, the employer, the client, as the case may be, for the procurement of Consulting Services, Works, Plant, Goods or Non-Consulting Services.
2.5) not having fulfilled applicable fiscal obligations regarding payments of taxes either in the country
where we are constituted or the PEA's country;

2.6) being subject to an exclusion decision of the World Bank or any other multilateral development
bank and being listed on the website http://www.worldbank.org/debarr or respectively on the relevant
list of any other multilateral development bank (in the event of such exclusion, the Applicant or Bidder
shall attach to this Declaration of Undertaking supporting information showing that this exclusion is not
relevant in the context of this Contract and that adequate compliance measures have been taken in
reaction); or

2.7) being guilty of misrepresentation in supplying the information required as a condition of
participation in the Tender.

3. We hereby certify that neither we, nor any of the members of our Joint Venture or any of our
Subcontractors under the Contract are in any of the following situations of conflict of interest:

3.1) being an affiliate controlled by the PEA or a shareholder controlling the PEA, unless the
stemming conflict of interest has been brought to the attention of KfW and resolved to its satisfaction;

3.2) having a business or family relationship with a PEA's staff involved in the Tender Process or
the supervision of the resulting Contract, unless the stemming conflict of interest has been brought to
the attention of KfW and resolved to its satisfaction;

3.3) being controlled by or controlling another Applicant or Bidder, or being under common control
with another Applicant or Bidder, or receiving from or granting subsidies directly or indirectly to another
Applicant or Bidder, having the same legal representative as another Applicant or Bidder, maintaining
direct or indirect contacts with another Applicant or Bidder which allows us to have or give access to
information contained in the respective Applications or Offers, influencing them or influencing decisions
of the PEA;

3.4) being engaged in a Consulting Services activity, which, by its nature, may be in conflict with the
assignments that we would carry out for the PEA;

3.5) in the case of procurement of Works, Plant or Goods:

i. having prepared or having been associated with a Person who prepared
specifications, drawings, calculations and other documentation to be used in the
Tender Process of this Contract;

ii. having been recruited (or being proposed to be recruited) ourselves or any of our
affiliates, to carry out works supervision or inspection for this Contract;
4. If we are a state-owned entity, and compete in a Tender Process, we certify that we have legal and financial autonomy and that we operate under commercial laws and regulations.

5. We undertake to bring to the attention of the PEA, which will inform KfW, any change in situation with regard to points 2 to 4 here above.

6. In the context of the Tender Process and performance of the corresponding Contract:

6.1) neither we nor any of the members of our Joint Venture nor any of our Subcontractors under the Contract have engaged or will engage in any Sanctionable Practice during the Tender Process and in the case of being awarded a Contract will engage in any Sanctionable Practice during the performance of the Contract;

6.2) neither we nor any of the members of our Joint Venture or any of our Subcontractors under the Contract shall acquire or supply any equipment nor operate in any sectors under an embargo of the United Nations, the European Union or Germany; and

6.3) we commit ourselves to complying with and ensuring that our Subcontractors and major suppliers under the Contract comply with international environmental and labour standards, consistent with laws and regulations applicable in the country of implementation of the Contract and the fundamental conventions of the International Labour Organisation\(^\text{3}\) (ILO) and international environmental treaties. Moreover, we shall implement environmental and social risks mitigation measures when specified in the relevant environmental and social management plans or other similar documents provided by the PEA and, in any case, implement measures to prevent sexual exploitation and abuse and gender-based violence.

7. In the case of being awarded a Contract, we, as well as all members of our Joint Venture partners and Subcontractors under the Contract will, (i) upon request, provide information relating to the Tender Process and the performance of the Contract and (ii) permit the PEA and KfW or an agent appointed by either of them, and in the case of financing by the European Union also to European institutions having competence under European Union law, to inspect the respective accounts, records and documents, to permit on-the-spot checks and to ensure access to sites and the respective project.

8. In the case of being awarded a Contract, we, as well as all our Joint Venture partners and Subcontractors under the Contract undertake to preserve above mentioned records and documents in accordance with applicable law, but in any case, for at least six years from the date of fulfilment or termination of the Contract. Our financial transactions and financial statements shall be subject to auditing procedures in accordance with applicable law. Furthermore, we accept that our data (including personal data) generated in connection with the preparation and implementation of the Tender Process

---

3 In case ILO conventions have not been fully ratified or implemented in the Employer's country the Applicant /Bidder /Contractor shall, to the satisfaction of the Employer and KfW, propose and implement appropriate measures in the spirit of the said ILO conventions with respect to a) workers grievances on working conditions and terms of employment, b) child labour, c) forced labour, d) worker's organisations and e) non-discrimination.
and the performance of the Contract are stored and processed according to the applicable law by the PEA and KfW.
